## OVERVIEW

I'm currently pursuing my degree in Computer Science and Engineering, with a strong interest in cybersecurity.

I'm actively building my skills in this field through hands-on projects, learning resources, and continuous exploration. Passionate about solving complex problems and staying ahead of emerging threats, I'm always ready to push my limits, take on challenges, and grow beyond my comfort zone. Open to opportunities that allow me to learn, contribute, and make a meaningful impact in the world of cybersecurity.
